

Deanship of Scientific Research
College of Nursing- Research Center

ONLINE RESEARCH CENTER ACTIVITIES AY 2020-2021

SEMESTER	TITLE	TYPE OF ACTIVITY	OBJECTIVE	PARTICIPANTS	DURATION	DAY	DATE/Time	RESOURCE PERSON
First	Qualitative Research Designs	Lecture	To classify and differentiate the different types of qualitative research design	Academic Staff Graduate students Undergraduate students	2 hours	Wed	Oct 14 2:00-4:00pm	Dr. Nourah Almadani
First	VIRTUAL CLINICAL SIMULATION: Alternative	Webinar	Learning Delivery for Skills and Clinical Training in the Health Sciences	Academic Staff Graduate students Undergraduate students	2 hours	Wed	Oct 25	JASLINE MORENO RAQUEL BERTIZ
First	Literature Search Strategies	Lecture	To develop and enhance skill in literature search To identify scientific search engines	Academic Staff Graduate students Undergraduate students	2 hours	Wed	Nov 11 2:00-4:00pm	Dr. May Wasmi
First	2nd Annual National Nursing Conference	Conference	1.Updates in nursing education and practice 2.Quality in nursing education and practice	Academic Staff Graduate students Undergraduate students		Wed Thru	Dec 2-3	
First	Theoretical and	Lecture	To introduce and	Academic Staff	2 hours	Sun	Dec 6	Dr. Halah

	Conceptual Framework in research		encourage the use of theory and conceptual models in research	Graduate students Undergraduate students			2:00-4:00pm	
First	Quantitative Research Designs	Lecture	To classify and differentiate the different types of quantitative research design	Academic Staff Graduate students Undergraduate students	2 hours	<u>Mon</u>	<u>Dec 7</u> 2:00-4:00pm	Dr. Wireen
First	Mixed Methods	Lecture	To classify and differentiate the different types of mixed research design	Academic Staff Graduate students Undergraduate students	2 hours	<u>Tue</u>	<u>December 8</u> 2:00-4:00pm	Dr. Amani Alabdullah
First	Research Questions and Hypothesis	Lecture	To write correctly research questions and develop hypothesis appropriate for the research questions	Academic Staff Graduate students Undergraduate students	2 hours	<u>Wed</u>	<u>December 9</u> 2:00-4:00pm	Dr. Wireen
First	Selecting Instruments for data gathering	Lecture	To use appropriate, valid and reliable tool for data gathering	Academic Staff Graduate students Undergraduate students	2 hours	<u>Thu</u>	<u>December 10</u> 2:00-4:00pm	Dr. Sally
Second	Paraphrasing your literatures	Lecture	To avoid plagiarism	Academic Staff Graduate students Undergraduate students	2 hours	<u>Wed</u>	<u>Jan 27</u> 2:00-4:00pm	Dr. Sally
Second	Writing your research abstract	Lecture	To be able to write a good abstract for both proposal and paper for publication	Academic Staff Graduate students Undergraduate students	2 hours	<u>Sun</u>	<u>Jan 31</u> 2:00-4:00pm	Dr. Nadiyah Baghdadi
Second	Citation and	Lecture	To learn different types of citations and	Academic Staff Graduate students	2 hours	<u>Wed</u>	<u>Feb 3</u> 2:00-4:00pm	Dr. Wafa Almegewly

	referencing		referencing in a manuscript	Undergraduate students				
Second	Sampling Techniques and Sample size computation	Lecture	To identify appropriate sample size and sampling techniques	Academic Staff Graduate students Undergraduate students	2 hours	<u>Sun</u>	<u>Feb 7</u> 2:00-4:00pm	Dr. Hanan Alharbi
Second	Technical writing guidelines	Lecture	To learn different guidelines for technical writing and apply appropriately in thesis, dissertation, and publication papers	Academic Staff Graduate students Undergraduate students	2 hours	<u>Wed</u>	<u>Feb 10</u> 2:00-4:00pm	Dr. Mai
Second	Selecting appropriate journal for your publication	Lecture	To be able identify scopus and ISI journals appropriate for research articles and identify ways to facilitate publications	Academic Staff Graduate students Undergraduate students	1 hour	<u>Wed</u>	<u>Feb 17</u> 2:00-3:00pm	Dr. Wafa Almegewly
Second	Identifying predatory journals and conferences	Lecture	To avoid sending research articles and presentations to fake journals and conferences	Academic Staff Graduate students Undergraduate students	1 hour	<u>Wed</u>	<u>Feb 24</u> 3:00-4:00pm	Dr. Hanan Alharbi
Second	Writing your Findings for publication	Lecture	To be able to write clearly findings of research congruent to the research questions and understandable to the readers	Academic Staff Graduate students Undergraduate students	2 hours	<u>Wed</u>	<u>March 3</u> 2:00-4:00pm	Dr. Nadiyah Baghdadi
Second	Writing your	Lecture	To be able to write a strong and	Academic Staff Graduate students	2 hours	<u>Sun</u>	<u>March 7</u>	Dr. Chandra

	introduction		comprehensive introduction for proposals and publications	Undergraduate students			2:00-4:00pm	
Second	Writing your discussion for publication	Lecture	To be able to synthesize findings and substantiate with literatures and contextualize locally and globally	Academic Staff Graduate students Undergraduate students	2 hours	Wed	March 10 2:00-4:00pm	Dr . Safa Salem
Second	Systematic Review	Lecture	To learn how to conduct and write a systematic review for publication	Academic Staff Graduate students Undergraduate students	2 hours	Wed	March 17 2:00-4:00pm	Dr. Wireen
Second	Qualitative data analysis	Lecture	To learn different ways of analyzing qualitative data	Academic Staff Graduate students Undergraduate students	2 hours	Wed	March 24 2:00-4:00pm	Dr. Nourah Almadani
Second	Types of Plagiarism	Lecture	To identify and avoid committing plagiarism in writing reports and publications	Academic Staff Graduate students Undergraduate students	1 hour	Wed	March 31 2:00-4:00pm	Dr. Nadiyah Baghdadi
Second	Quality appraisal for literatures	Lecture	To know appropriate appraisal tools for specific articles	Academic Staff Graduate students Undergraduate students	2 hours	Sun	April 4 2:00-4:00pm	Dr. Fatchima
Second	Improving visibility and citation of your published	Lecture	To increase citation rates of published articles	Academic Staff Graduate students Undergraduate students	1 hour	Wed	April 7 2:00-4:00pm	Dr. Halah

	research							
Second	Planning to publish your research article	Lecture	To develop work plan for increasing publication of research articles	Academic Staff	2 hours	Wed	April 14 2:00-4:00pm	Dr. Halah
