

## 13.1 ENVIRONMENTAL EDUCATION INCLUDING DISASTER PLANNING

---

PNU applies, within its premises, several actions & procedures that tackle climate change issues. Princess Nourah University engages in international conferences and research, with well-known international universities and research centers that are related to “Climate Change”. Besides, PNU publishes and applies climate change related policies within its premises and has a set of centers and units to follow SDG13 related aspects and assure PNU’s alignment with the Kingdom’s Vision 2030 related to climate change.
