

## COLLABORATIONS WITH GOVERNMENT/NGO'S

Women Leader 2030

Princess Nourah Bint Abdulrahman University objectives are: the provision of quality academic programs, providing students with the necessary professional skills, strengthening the capabilities and improving the quality of PNU human resources, the university have collaborations with government/NGOs for the sake of improving and promoting the SDGs through conferences and cross-sectoral dialogues.

Thus, PNU has many collaborations with the governmental and non-governmental sectors which have cooperated within training and cooperation in research and joint studies of health colleges. For example; our collaboration with Dr. Sulaiman AlHabib Group Hospital for field training, the national company for healthcare for field training and research for our students, and for talent exchange. The next figure shows the list of the entities with which there are cooperation activities in the healthcare field that support SDG's.
