Programme Details

The MSc in Business Administration is delivered over four semesters. Providing a challenging and transformational educational experience for students.

The programme addresses both theory and practice as it seeks to enhance students' disciplinary and organizational knowledge. This experience will develop students' abilities to apply gained knowledge in simulated and real business scenarios.

Unlike many MSc in Business Administration programmes, there is a strong focus on Entrepreneurship & Innovation and NGM (Next Generation Management), helping to prepare our graduates to work in the industry.

Customisable Modules

Our flexible learning options allow us to tailor modules like; the 'Next Generation Management' module and the 'Delivering Performance Excellence' module, to suit the student's individual needs and experience level. The Next Generation Management (NGM) module provides you with the opportunity to develop the competencies required for successful management and leadership careers.

The NGM module focuses on four contemporary key themes:

1. Management and Career development;
2. Business and society;
3. Research and;
4. Digital Marketing.

While the 'Delivering Performance Excellence' module provides you with an enhanced understanding of the three dimensions of performance management in organizations, namely:

1. Financial performance;
2. Business analytics and;
3. Operational performance.

Our flexible learning options will allow you to explore the process of improvement and innovation in operational performance and process change, an inevitable requirement in all organizations. In addition to learning how the myriad uses of analytics inform business strategy, decision-making will be explored. Additionally, how accounting contributes to strategic and operational management through activities such as budgetary control and financial performance review will be explored.

Entry Requirements

Academic Entry Requirements

- An Honors Degree from any discipline (or equivalent international qualification) - Classification 2:2 (C);
- GPA minimum requirements: 3.75 out of 5 (equivalent to 2.75 out of 4).

What Our Students Say

"The DCU@PNU programme differs greatly from any other learning experience you can encounter in the Kingdom. It is a constant learning process that relies heavily on each individual's internal self motivation to achieve the highest results. It is a programme where no two people attending it can have the same learning experience, even if they are sitting next to each other. I highly recommend it for anyone looking for both an excellent high level education and career progression."

- Wareef Omair, Class of 2018

"My experience was somewhat unique because DCU has provided valuable insights to business topics both locally and internationally. All of the staff were friendly and helpful. I have become more engaged and developed professional competencies, I have now become much more enlightened. This programme has really helped me set up my career goals."

- Bshaer Almimony, Class of 2017

"I'm a globalised DCU student in Saudi Arabia. I believe I am privileged to be a student at one of the best universities that enables me to apply knowledge I gained into practical situations within my own Saudi context. This is a unique opportunity to be a living example of globalised education!"

- Aljawharah Almazyad, Class of 2017
